7.1 Virtual Speaker Setup - Dolby

Plug one end of the audio input cable into the connector on the control console. • Make sure the flat surface with the arrow on the plug faces up. • Leave the other end of the cable on the floor. You will be asked to connect it while setting up the next kit.

BOSE LIFESTYLE V35 SETUP MANUAL Pdf Download | ManualsLib

A good 5.1-channel system will give you a full surround sound experience. Most DVD and Blu-ray™ media, some Super Audio CDs (SACDs), broadcast TV, and many streaming sources are in 5.1-channel format. Going to 7.1 channels improves the directionality of sound effects and helps you feel more of your entertainment.

Speaker Setup Guide - Dolby

The left and right speakers provide more lateral, but still highly localized and directed, sound. If possible, the left and right speakers in a surround sound system should be full-range speakers. For the best results, try to position the left and right front speakers so that the tweeters are at ear level.

How to Set Up a Surround Sound Speaker System - dummies

The Bose Surround Speakers connect wirelessly to the Bose Soundbar 500 and the Bose Soundbar 700 — so no wires are required from the front of the room to the rear. But the Bose Surround Speakers do require electrical power to power the wireless receiver and there is speaker wire connecting the wireless receiver to the speaker itself.

Bose Surround Speakers | Bose

Looks as good as it sounds Featuring a tempered glass top, wraparound metal grille, clean lines, and an exquisite finish, the Bose Soundbar 700 is just as beautiful on the outside as it is on the inside. Place the soundbar on the TV stand or mount it elegantly on the wall. Either way, it's pleasing to the eye and ear.

Bose Soundbar 700 | Bose

Take all that's great about movies, TV, and music ... and make it even better. Bose soundbars and home theater surround sound systems bring out the best in your entertainment, so you can enjoy thrilling, cinema-like sound from the comfort of your couch.

Home Theater Systems & Smart Soundbar Speakers | Bose

The simplest way to connect the Bose Soundbar 500 is via the supplied HDMI cable to your TV. If your TV has an HDMI-ARC or HDMI-eARC connection, you should use that connection. If your TV does not have an HDMI connection, then you should connect the Bose Soundbar 500 to the TV using an optical cable.
