Introducing character animation with blender 2.5 | Mullen ...

A great book for Blender beginners who want to do film animation. I went through most of the exercises in the book until I got sick of using the "Captain Blender" character and created my own character that I used to do my first animated short film. There are easier methods for placing the color on eyeballs - other than that, this book is ...

Amazon.com: Customer reviews: Introducing Character ...

I just received Introducing Character Animation with Blender. The book seems very well written and well illustrated. I have only made it through part of the first chapter, but if I don't learn character animation, it will be my fault, not the book's. Two amazing things: 1. The book had no CD. Nothing. 2.
