Introduction. The expert witness has special knowledge or skill gained by education, training or experience and may be summoned to court to give an opinion or expert evidence during a trial, based on that person's field of expertise. Pre-trial preparation by the expert witness refreshes the level of expertise, enhances the quality of the opinion expressed, reduces stress and saves time.

What is the best way to define and compare scale-out vs. object-based file systems? Both types of systems deal with scaling storage, and aren't mutually exclusive. A scale-out file system is typically found in a storage system known as scale-out network-attached storage (scale-out NAS). Here, a single, highly scalable file system is implemented across separate physical modules in a NAS cluster.
