### The Whole Story Of Climate

Against this unwarranted and historically blind hysteria I would place Dr. Kirsten Peters' informative and wonderfully accessible book The Whole Story of Climate Change. Dr. Peters, with a Harvard doctorate in geology, has written a magnificently wide ranging, clear, and accessible story of the earth's long, long history of profound and dramatic climate reversals.

### The Whole Story of Climate: What Science Reveals About the ...

Kirsten Peters stays out of the fray in her book "The Whole Story of Climate". She is not an "Algoeian alarmist" and she is not a "denier". What she presents are facts ascertained by looking into various branches of science which detail how dramatically, how frequently and how rapidly climate has changed in the past without the help of man.
